Under Federal Law, your lowest monthly balance should not exceed \$2,225.04 or 2 months of the anticipated payments from escrow. We chose a low balance of \$2,225.04 or 1/6th of anticipated payments from escrow. In order to achieve this low balance, your starting balance should be \$2,225.04 as shown above.

In fact, your anticipated escrow balance at the beginning of 11-2020 is \$2,091.16. This means that you have a shortage of \$133.88. This shortage may be collected from you over a period of 12 months unless the shortage is less than 1 month's deposit, in which case we have the additional option of requesting payment within 30 days. We have decided to collect it over 12 months.

Please keep this statement for comparison with the actual activity in your escrow account at the end of the escrow computation year.

Your new monthly mortgage payment for the coming year starting 11-2020 will be \$2,222.11 of which \$1,098.43 will be for principal and interest, and \$1,123.68 will go into your escrow account.
